NDIS Support Coordination

If your NDIS plan includes Coordination of Supports, then we can help you. We have support coordinators who will assist you with choosing how you want your services to be provided. They can also help you decide how much of your budget you spend on each type of service and facilitate service agreements on your behalf.

Our support coordinators can also help you:

- Achieve your plan's goals
- Get value for money from your plan
- Provide reports to NDIS on outcomes prior to review
- Prepare for NDIS reviews

Other services provided by GLCH under the NDIS:

- Assisted Daily Living Services
- Complete Therapies
- Paediatric Therapy Groups
- Plan Management
- Social Support Groups

Why GLCH

- ✓ We have over 40 years of **local** health experience
- ✓ We provide high quality, accessible services that support people in our communities to **live well**
- ✓ We have staff with the expertise and knowledge to help you achieve your goals
